**HUMIDIFIER &
AIR CLEANER**

B 200

powerful & comfortable

POWERFUL **HUMIDIFIER &** CONVENIENT **AIR PURIFIER**

The B 200 from Brune is both a powerful humidifier and a comfortable air purifier. Thanks to the large evaporation surface of the modern filter medium, the B 200 can evaporate up to 1 litre of water per hour and is easy to use. In combination with the efficient 4-layer filter consisting of pre-filter, hepa filter, activated carbon filter and UV filter, the B 200 is the perfect partner for healthy room quality. The final treatment of the air using UV light further perfects the result and purifies the air of bacteria, viruses and germs.

VERSATILE & CONVENIENT CONTROL

Thanks to the integrated sensors for relative humidity and air quality, the output is automatically adjusted to the requirements and you can keep a constant eye on the results via the humidity display or the LED display. Change the fan power in 4 stages or use the automatic mode to regulate the power. Use the timer circuit or integrate the B 200 into your home network and control the B 200 easily via app. You have a wide range of convenient control options here.

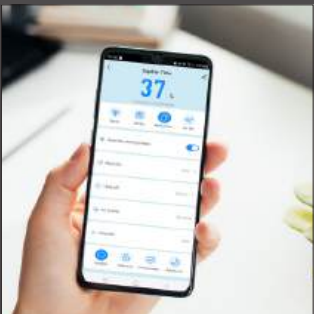

NATURAL EVAPORATION FOR HUMIDIFICATION, HEALTHY LIVING AT HOME

REMOVABLE WATER TANK

COLOURED DISPLAY OF THE CURRENT AIR QUALITY THROUGH A LED LIGHT STRIP

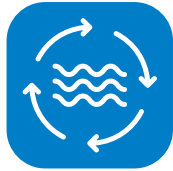

WIFI WITH APP CONTROL

FUNCTIONS

AT A GLANCE

Efficient air purification
-> CADR: 400m³/h

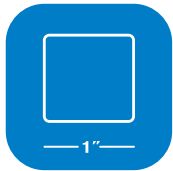

Wifi with app control

UV-C sterilisation
-> 99,99 % efficiency

Humidity control

4 layer filters
(Pre, Hepa, active carbon, UV)

High humidification
performance
-> up to 1 L

Air quality monitoring

4-stage fan control with
auto function and silent
mode <32db(A)

Timer function

Childproof lock

SIMPLE & CONVENIENT HANDLING

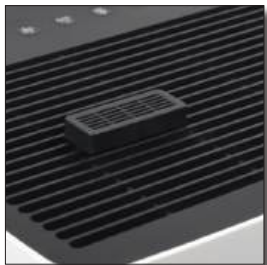

**MODERN FILTER WITH LONG SERVICE
LIFE & LARGE EVAPORATION FILTER
SURFACE**

**LARGE WATER TANK CAPACITY OF
8 LITRES FOR LONG-ENDURANCE
HUMIDIFICATION**

**EFFICIENT AIR PURIFICATION
-> CADR: 400m³/h**

INCLUDING AROMA BOX

APPLICATION EXAMPLES

- ✓ Living rooms
- ✓ Offices
- ✓ Music rooms
- ✓ Libraries

- ✓ Museums
- ✓ Galleries
- ✓ Data processing rooms
- ✓ Laboratories

- ✓ Book stores
- ✓ Printing houses
- ✓ etc.

TECHNICAL DATA

Specification	Value	Unit
Weight	11,25	kg
Width	420	mm
Height	664	mm
Depth	280	mm
Volume of water tank	8	l
Voltage	220-240	V
Frequency	50/60	Hz
Power consumption	55	W
Air flow rate	max. 500	m ³ /h
Evaporation performance	max. 1 l/h	at 25°C/20% r.h.
